Biography:

Jim is a graduate of the University of North Carolina at Charlotte and is a licensed professional engineer. He also has a MBA from the University of North Carolina at Wilmington. Jim has been with the City of Wilmington for 12 years. Prior to that he was employed with the City of Virginia Beach and with private consultants.

As manager of the City's Traffic Engineering Division Jim is responsible for, among other things, overseeing the City's red light camera program. He has been involved with all aspects of SafeLight since its inception more than 6 years ago. By photographing vehicles that run red lights and sending citations to the registered owners, SafeLight has reduced collisions and more importantly injuries at some of the City's most dangerous intersections.
